Index to MACHINERY

A

Abrasive Machine Tool Co.:
High-speed Attachment for Surface Grinding Machine ... 920
Absolute Temperature and Absolute Zero ... 379
Accident Prevention, Calling Attention to the Need for ... 366
Accident Records ... 493
Accidents, Toll of Industrial ... 973
Accounting, A Question of Cost. J. A. Thomas. 578
Accuracy of Dial Indicator, Checking. Arthur R. Myers ... 901
Accuracy, The Cost of Unnecessary ... 890
Accuracy, Unnecessary ... 462
Acklin, James M.:
Dies for Steering-wheel Spiders:
1 ... 283
2 ... 388
Acklin Stamping Co.:
Dies for Steering-wheel Spiders:
1 ... 283
2 ... 388
Acme Machine Tool Co.:
Bevel-gear Turning Machine ... 339
Piston Centering Machine ... 413
A Vertical Automatic in a Hardware Plant ... 634
Adapters for Screw Machines, Collet. Henry Simon ... 384
Address on Letter Heads, Give Complete ... 205
Adjustment Devices for Machines. S. W. Brown 317
Advertising Convention, International ... 911
Advertising, The Evolution of Mechanical ... 620
Advertising, What Counts in ... 217
Aerial Transportation, Present Status of ... 947
Agricultural Machinery Plants, Press Work in. C. C. Hermann:
2 ... 120
3 ... 218
Air Chamber on Pump ... 721
Air Chuck Design ... 982
Air Compressor, see Compressor.
Air Gage, Testing Fit of Bushing with an. F. Edgar ... 977
Air Mail, Dependability of the ... 698
Air, Moisture in Compressed ... 125, 300
Airplane Contest for Ford Trophy ... 35
Airplane Service, Commercial ... 181
Air Pressure Booster. E. A. Murray ... 765
Air Pump Cylinders, Reboring ... 763
Air Pump Cylinders, Auxiliary Boring-bar for. E. A. Murray ... 765
Air Pump Pistons, Reclaiming. W. M. Cavin .. 771
Air Pumps, Special Hand Truck for Moving. W. M. Cavin ... 937
Air Reduction Sales Co.:
Aires-Davis-Bournonville Welding Torch ... 1000
Air Supply for Furnaces, Adjusting ... 881
Aitken, George T., Personal of ... 602-A
Ajax Motors Co.:
High Production in Drilling Connecting-rods .. 444
Hobbing Automobile Transmission Gears 483
How the Ajax Transmission Case is Made ... 523
Ajax Cylinder-head Production ... 707
Alden, C. R.:
Measuring High Speed by Sound Vibrations .. 286
Aligning Large Cylinders. William S. Rowell .. 122
Aligning Locomotive Cylinders and Cross-head Guides. F. Rattek ... 454
Allen, Charles V.., Personal of ... 1006-B
Allis-Chalmers Mfg. Co.:
Induction Motors ... 155
"Texrope" Drive ... 336
Allis, Dexter W.:
Securing Paper to Drawing-board ... 818
Allowance and Tolerance System, A Basic. John Gaillard ... 93
Allowance and Tolerance System, A Basic—Comment ... 231, 237, 329
Allowances on Castings and Forgings, Wasteful .. 462
Alloys, Chinese ... 27, 320
Alloys, Japanese ... 531
Alto Mfg. Co.:
Three-speed Tapping Machine ... 593
Aluminum Alloy Castings. A. Eyles ... 655
Aluminum Alloy Castings by Soldering, Repairing. A. Eyles ... 485
Aluminum Alloy Castings by Soldering, Repairing. E. Darwell ... 974
Aluminum Alloy Castings, Welding. A. Eyles .. 560
Aluminum Castings, Milling Operations on .. 230, 406
Aluminum, Cast-welding. A. Eyles ... 572
Aluminum-copper Alloy Castings ... 299
American and British Screw Threads be Unified? Can ... 636
American Broach & Machine Co.:
Hydraulic Broaching Machines ... 505
Broaching Machine ... 673
American Engineering Co.:
"Lo-Hed" Electric Hoists ... 995
American Foundrymen's Association:
Meeting ... 193
Advance Notice of Convention ... 1003
American Gear Manufacturers' Association:
Standardization by Gear Manufacturers 194
Annual Meeting ... 706, 783
American Industries, Capacity of ... 288
American Machine Tools in Germany, Prospects for ... 344
American Management Association:
Sales Executives' Conference ... 77
Annual Convention of the ... 495
Convention ... 546
European Tour ... 622
Meetings ... 799
American Patents and Trademarks Abroad ... 909
American Railway Association, Convention and Exhibition of the Mechanical Division of the. 906
American Railway Tool Foremen's Association:
Convention of ... 144
American Society for Steel Treating, The:
Steel Treaters and Automotive Production Meetings ... 14
Advance Notice of Convention ... 990
American Society of Mechanical Engineers, The:
Railroad Shop Practice Meeting ... 35
Machine Shop Practice Session ... 45
Shop Practice Meeting ... 146
Railroad Subjects Discussed by A.S.M.E 193
Annual Meeting of the ... 426
Report on Limit Gages ... 633
Chicago Machine Shop Meeting ... 626
Machine Tool Exhibition in New Haven 659
Advance Notice Providence Meeting ... 659
Providence Meeting ... 743
San Francisco Meeting ... 778
Nomination of Officers ... 989
American Welding Society, The:
Meeting ... 197
Annual Meeting ... 686
Ames Co., B. C.:
Cabinet-type Bench Lathe ... 420
Ammon, Roscoe A.:
Drilling Tank or Boiler Plates ... 392
Ams Machine Co., Max:
Can-closing Machine ... 589
Anderson Die Machine Co.:
Ten-spindle Tapping Machine ... 674
Anderson, Edward:
Apprentices in Rockford Machine Tool Plants 937
Anderson, Robert J., Personal of ... 170, 516
Andrews, Jr., John, Personal of ... 516
Anemometer ... 125
Angle, Jig for Drilling Holes at an. Edward Heller ... 975
Angle Mills while Sharpening, Mandrel for Holding. O. S. Marshall ... 492
Angular Drilling, Jig for ... 583
Annealing on Staybolts, Effect of ... 482
Appleton, C. T.:
Commercial Cylindrical Lapping ... 105
Apprentice, see also Training, Education.
Apprentice Contest in Detroit, Foundry ... 846-C
Apprenticeship and Specialization. William C. Betz ... 887
Apprenticeship Passed? Has the Need for. W. A. Viall ... 692
Apprenticeship System, A Self-supporting ... 326
Apprentices in Rockford Machine Tool Plants. Edward Anderson ... 937
Apprentices on the Pacific Coast, Training. Paul Eliel ... 852
Aquometer, Principle of ... 320
Arbitration, Commercial ... 79, 499
Arbor-driver for Lathe, Safe. H. Moore ... 981
Arbor for Cutting Rings from Tubing. Norman Moore ... 229
Arbor for Holding Gear Blanks, Lathe. Robert Mawson ... 717
Arbor for Piston Valve Rings. J. R. Phelps .. 894
Arc Welding, see Welding.
Arcs Tangent to Intersecting Lines, Drawing. Daniel D. Molony ... 577
Argentina, Machinery Exports to ... 782
Armstrong Bros. Tool Co.:
Chrome-vanadium Steel Wrench ... 837
Arny, Louis W.:
Determining the Quality of Leather Belting .. 95
Articles, Don't Skip Good ... 104
Articles, File MACHINERY'S ... 780
Artisan Mfg. Co.:
"Metal-worker" ... 75
Asbestos Clutch Rings, Grinding ... 513
Ashley, Carroll S.:
Drilling Screen Holes in Oil-well Casing 190
Assembling Bushings in Crankcases ... 982
Assembling Fixture for Instrument Gears, Die and. Howard M. Groff ... 726
Assembling Machines, Points on. S. W. Brown 562
Association of Iron and Steel Electrical, Mechanical, Combustion and Safety Engineers:
Meeting ... 808
Association Statistics, Trade ... 314
Atkins, Andrew:
Reducing Costs by Improving Design ... 948
Aston, James, Personal of ... 602-A
Atlas Press Co.:
Power-driven Press ... 1000
Attachment for Surface Grinding Machine, High-speed ... 920
Atuesta, M. A.:
Arc Welding in the General Electric Plant .. 854
Auger Speeds ... 982
Australia, Industrial Conditions in ... 200
Authority in Factories, Conflicting ... 300
Automatic Buffing Machine Co.:
Automatic Buffing Methods ... 15
Buffing Oval and Square Objects ... 954
Automatic Buffing Methods. Charles O. Herb .. 15
Automatic, Cleveland Double-end ... 670
Automatic Groove-milling Machine, Designing an. Albert A. Dowd ... 114
Automatic in a Hardware Plant, A Vertical 634
Automatic Machine Co.:
Coulter Automatic Diamond Boring Machine. 1001
Automatic Machine, Semi-, Davenport "Non-stop" ... 243
Automatic Machines, Work Deflector for. Norman Moore ... 488
Automatic Nut-Thread Corporation:
Nut Threading Attachment ... 246
Automatic Package-wrapping Machinery, Designing. Albert A. Dowd ... 42
Automatic Screw Machine, see also Screw Machine.
Automatic Screw Machine, Davenport ... 241
Automatic Screw Machine, Twelve Operations in Five Seconds on a Multiple-spindle ... 341
Automatics, Lead-screw Control for Cleveland .. 509
Automatics, Rapid Production in. W. S. Davenport ... 456
Automobile Engine Blocks, Jigs and Fixtures for. J. G. Moohl ... 179
Automobile Engines, Making Reo ... 645
Automobile Exports ... 970
Automobile Fenders with Hand Tools, Making. Edward Heller ... 871
Automobile Industry, Capital of the ... 631
Automobile Industry, Prospects in the. Alfred P. Sloan, Jr. ... 373
Automobile Industry, Statistics of the ... 570
Automobile Parts in Machine Construction, Using. Donald A. Hampson ... 127
Automobile Parts, Jigs for Irregular-shaped. J. Gustaf Moohl ... 133
Automobile Plant, Efficiency Methods in the Maxwell ... 463
Automobile Plant, Production Methods in Ajax. Charles O. Herb ... 523
Automobile Plants, Cleaning Metal Parts in. H. C. Duggan ... 410
Automobile Plants in Germany, Production of .. 784
Automobile Repairmen, Training ... 706
Automobile Shop—A Tribute, the ... 104
Automobile Shops, Machine Tools for ... 189
Automobile Tires, Saving ... 486
Automobile Transmission Gears, Hobbing ... 483
Automobiles Coming, Six- and Eight-wheel 108
Automobiles, Handbook of ... 576
Automobiles in the United States, Ten Largest Producers of ... 743
Automobiles, New Light-weight Electric Drive for 881
Automotive Congress, World ... 16
Automotive Engineers, Society of:
Steel Treaters and Automotive Production Meetings ... 14
Activities of the S.A.E ... 107
Coming Meetings ... 110
Production Meeting ... 144
New Automotive Standards Adopted ... 205
Annual Meeting ... 499
Production Meeting ... 706
Spring Meeting ... 911
Automotive Industry and the Railroads, The ... 256
Automotive Industry, Machine Tool Needs of the. R. M. Hidey ... 107
Automotive Industry Selects Equipment, How the:
1 ... 87
2 ... 184
3 ... 274
Automotive Standards Adopted, New ... 205
Automotive Standards, Handbook of ... 926-C
Automotive Steels, Improvements Needed in. Walter G. Hildorf ... 407
Aviation, Promoting ... 705
Axles, Taper Fits for Railway. Donald A. Hampson ... 804
Ayr, David, Personal of ... 432

B

Babbitting Fixture for Small Bearings. Francis M. Weston ... 54
Babbitting Mandrel. Avery E. Granville ... 615
Bach, F. W.:
Deep-hole Drilling ... 910
Bachman, W. A.:
Chill-holding Fixtures for Truck Box Castings 770
Back-geared Drive for Motors ... 915
Badger Tool Co.:
Grinding Steam Radiator Sections ... 426
Spring Grinding Machine ... 513
Baker, Arthur L.:
Routing Work in a Machine Tool Plant 175
Baker, Charles H., Obituary of ... 518
Balancing Machine, Gisholt ... 73
Balancing Machine, Olsen-Lundgren Vertical 672
Ball-bearing Electric Motors. T. C. Delaval-Crow ... 265
Ball-bearing Transmission Equipment, Wood-Fafnir ... 922
Ball Seats on Steam Turbine Bearings, Turning. C. W. Putnam ... 851
Ball, Martin H.:
Ink for Marking Blueprints ... 320
Balls, Molybdenum Steel ... 254
Bankers and Manufacturers in Europe, Relations between ... 236
Bannister, J. C., Personal of ... 516
Barber-Colman Co.:
John Universal Tapping Chuck ... 419
Barnes Drill Co.:
Honing Machines ... 833
Barrie, C. O., Obituary of ... 258
Bars in Quantities, Producing Test ... 296
Bartusch, Alexander:
Segment Turning on Lathe ... 904
Making Metal Window Sash ... 940
Base for "Dunmore" Grinders ... 923
Bates, Harold, Personal of ... 79
Bates Pneumatic Forging Hammers ... 838
Baths, Lead ... 299
Baum, E. A. C., Personal of ... 602-A
Bausch & Lomb Optical Co.:
Selling with a Picture Projector ... 339
Optical Methods of Setting Work and Tools .. 603
Measuring by Optical Means ... 695
Bausch, John Jacob, Obituary of ... 602-C
Baush Machine Tool Co.:
Multiple-spindle Drilling Machine ... 836
Beam Compass, Easily Constructed. Arthur L. Greene ... 493
Bearing, see Ball, Roller, etc.
Bearing, An All-position Oil-ring. Herbert A. Freeman ... 574
Bearing Pedestal of New Design. Herbert A. Freeman ... 880
Bearings, Hot-pressing Soft-base Metal ... 886
Beattie, J. B., Personal of ... 432
Beaver Power Drive ... 158
Bebb, Richard E., Obituary of ... 518
Becker Die-sinker ... 921
Beds, Making Useful Equipment from Old Lathe. Donald A. Hampson ... 990
Behrend, B. A., Personal of ... 1006-B
Beler, Robert J., Personal of ... 602-A
Belt Contact and Tractive or Gripping Power, Arc of ... 907
Belt Conveyors ... 202
Belt Drives, Small. John Morris Combs ... 934
Belt Slip, Visual Comparison of ... 455
Belts, Determining Length of. Thomas E. Welsh 725
Belting, Determining the Quality of Leather. Louis W. Arny ... 95
Belting Investigations, Leather ... 612
Bench, Hallowell Work ... 244
Bender, "Buckeye" ... 337
Bender, Pedrick Motor-driven Pipe ... 71
Bending and Cutting-off Die, Piercing. John Strama ... 897
Bending and Forming, Fiber ... 299
Bending Die Made from Wood. H. L. Wheeler 901
Bending Fixtures, Tube. Charles O. Herb 99
Bending, Pipe and Tube. Franklin D. Jones ... 439
Bending Roll, Buffalo ... 597

Bending Sheet Metals, Brakes for 125
Bending Steel Rods on a Shaper. Francis M. Weston 487
Bends for Superheater Units, Forged Return. C. O. Butler 774
Bennett, W. Burr, Personal of 846
Besly & Co., Charles H.:
Grinding Two Faces of Castings Simultaneously 340
Grinding Piston-rings and Coil Springs 427
Disk-grinding Conduit Boxes 598
Bethea, R. H., Personal of 846
Bethel-Player Co.:
Lap-raising Attachment 589
Betts Works of the Consolidated Machine Tool Corporation of America:
Betts-Bridgeford Bevel-gear Turning Lathe. 248
Locomotive-frame Slotter 508
Large Vertical Boring Mill 590
Betz, William C.:
Standardization of Book Sizes 640
Scarcity of Skilled Mechanics 690
Apprenticeship and Specialization 887
Bevel, Bench Vise Fixture for Filing 896
Bevel-gear Turning Lathe, Betts-Bridgeford ... 248
Bevel-gear Turning Machine, Acme 339
Biax Flexible Shaft Co., Inc.:
Flexible Shaft Equipments 70
Biemeck, John C.:
Dies for Drawing Light-gage Metal 498
Bignall & Keeler Machine Works of the N. O. Nelson Mfg. Co.:
Pipe Threading and Cutting Machine 254
Bissell, A. G.:
The Broadening Field of Arc Welding 550
Blanchard, E. P.:
Comparing Equipment and Methods for Quantity Production 535
Blanchard Machine Co.:
Surface Grinder 838
Blanking at One Stroke, Forming and. Earl R. Phinney 698
Blettner, George H.:
Power-operated Bench Reamer 70
Block Indexing 468
Blocki, Fritz:
Steel Magnified 15,500 Diameters 448
Blueprints from Blueprints, Making 658
Blueprints, Ink for Marking. Martin H. Ball 320
Blueprints, Method of Making Small. Edward La Rue 405
Blythe, W. F., Personal of 79
Boiler Plates, Drilling Tank or. Roscoe A. Ammon 392
Boiler Tubing, Clamp Made from. O. P. Williams 405
Boiler Welding Equipment 168
Boilers, Welding on. S. W. Miller 237
Bolt Ends, Dimensions of Spherical. John N. Stoussa 572
Bolt for Machine Table, Adjustable Clamping. Norman Moore 577
Bolt Machinery, Hose. W. M. Cavin 768
Bolts on an Automatic Heading Machine, Forming Hook-. Arthur L. Greene 11
Bolts, Proportioning Standard T-slots and. Luther D. Burlingame 702
Bolton, J. W., Personal of 682-A
Bonding Process, Vitrified 638
Bonding Process, Vulcanite 530
Bonney Forge & Tool Works:
Chrome-vanadium Wrenches 420
Tappet Wrench Set 510
Chrome-vanadium Wrenches 832
Bonus in Tool-rooms, Applying Group. Joseph Lannen 545
Book Sizes, Standardization of. William C. Betz 640
Booster, Air Pressure. E. A. Murray 765
Borden Co.:
Beaver Power Drive 158
Boring and Facing Large Work in a Lathe. N. E. Brown 229
Boring and Reaming Machine, Hoefer Rear-axle Drilling 913
Boring and Lapping Machines, Moline Cylinder. 420
Boring and Reaming Machines, Hoefer Piston Drilling 824
Boring a Large Steel Forging. H. K. Griggs .. 225
Boring-bar for Air Pump Cylinders, Auxiliary. E. A. Murray 765
Boring Bushings, Turning and. George A. Luers 978
Boring Fixture for Connecting-rods. George W. Wilson 813
Boring Head, Adjustable. F. H. Wicks 867
Boring, Holding Rocker Boxes for. J. R. Phelps 942
Boring Machine, Coulter Automatic Diamond .. 1001
Boring Machine, Flanging Wheel Disks on. Charles W. Geiger 653
Boring Machine, Lowering Costs with a Jig ... 117
Boring Machine, Niles-Bement-Pond 48-inch Carwheel 828
Boring Machine, Societe Genevoise Locating and Jig 331
Boring Mill, Betts, Large Vertical 590
Boring Mill, Cincinnati Rapid-traverse Side-head 996
Boring Mill, Electric Control Equipment for Large. W. E. Ross 965
Boring Mill of the Yankee Type. J. L. Lucas .. 989
Boring Mill Work, Centering. Andrew Webster. 612
Boring (Re-) Air Pump Cylinders 763
Boring (Re-) Machine, Storm Cylinder 841
Boring, Vertical Turret Lathe Equipped for Deep. B. J. Stern 990
Bosses in Cast Iron, Sizes of Pipe. Edward T. Hurd 991
Boston Gear Works Sales Co.:
Speed Reducer 921
Bouchard, Charles F.:
Saving Stock in Making Blanking Dies 226
Bowen Products Corporation:
Lubrication System 154
Bowlby, K. M.:
Double Trunnion Drill Jig 380
Bowman, Henry R.:
Method of Developing Cam Profile 898
Box Dimensions, Formula for Proportioning. B. Spector 494
Boy Scouts Make a Study of Machine Shop Practice 599
Boyan, Jean, Personal of 432
Brady Disk Planer and Jointer 70
Brake Adjusting Nuts, Milling 96
Brake, Cincinnati All-steel Press 247
Brakes for Bending Sheet Metals 125
Brandt, Nelson, Personal of 762
Brass Colors 124
Brass, High-speed Cutting of 256
Brass, High-speed Cutting of. Luther D. Burlingame 17
Brass Sometimes Cheaper than Steel 374
Brass Tubing, Reaming Small. Henry T. Price. 272
Brazil as a Market for Machinery 644
Brazil, Machine Tools in 466
Brazil, Machinery Market in 690
Brazil, Machinery Trade in 933
Breakdowns, Keep Records of 282
Bristol Co.:
Pyrometer Controller 753
British Metal-working Industries, The:
1 63
2 103
3 232
4 281
5 500
6 539
7 619
8 699
9 863
10 943
British Screw Threads be Unified? Can American and 636
Broaching Machine, American 673
Broaching Machine, Lapointe Hydraulic ... 156, 748
Broaching Machine, Oilgear Hydraulic 423
Broaching Machines, American Hydraulic 505
Broaching Machine, J. N. Lapointe Hydraulic .. 748
Broadhurst, S. G.:
Hook for Lifting Pistons 773
Bronze, Silicon 792
Brotherhood, Percy M., Personal of 79, 346
Brouillette, Albert V., Personal of 602-A
Brown & Sharpe Mfg. Co.:
Taper Parallel Gages 76
Direct-reading Micrometer 161
Automatic Duplex Milling Machine 671
Testing Fixture 825
Brown Instrument Co.:
Recording Pyrometer 69
Brown, N. E.:
Boring and Facing Large Work in a Lathe .. 229
Brown, S. W.:
Fixture for Forming Wire Links 50
Inserted-tooth Worm-wheel Hob 129
Keying and Spacing Pawls 138
Making Machine Parts from Tubing 141
Milling Operations on Aluminum Casting ... 230
Adjustment Devices for Machines 317
Milling a Slot in a Narrow Casting 320
Points on Winding Helical Springs 400
Milling a Rectangular Block 406
Points on Assembling Machines 562
Drilling a Deep Hole 575
Constructing Two-part Gears 732
Building a Machine with Hand Tools 735
Knurling Operations on Machine Parts 805
Drilling Pin-holes for Feed Wheels 815
Artificial Seasoning of Hardened Parts 817
Machine Models 933
Brown, W. E., Personal of 346
Brubaker & Bros. Co., W. L.:
Spiral Inserted-blade Reamers 251
Bruce, E. H.:
A Simple Drafting-room System 957
Bryant Chucking Grinder Co.:
Semi-automatic Hole Grinder 68
Bryant Sons & Co., O.:
Nipple Threading Machines 248
Nipple Turning Machine 337
Buck, A. Milton, Personal of 926-B
Bucket Conveyors 469
"Buckeye" Bender 337
Buckeye Portable Tool Co.:
Hercules Portable Air Tools 155
Buckingham, Earle:
The Problem of Gear Production 102
Influence of Design on Production 740
Wear of Gear Teeth 798
Buckingham, Major Earle, Personal of 432
Buffalo Forge Co.:
Bending Roll 597
Iron-worker with Coper 837
Buffing Head, Cap Curling Die and. S. A. McDonald 732
Buffing Oval and Square Objects 954
Building Construction, Electric Welding in ... 214
Bulging or Expanding Die. A. P. Ufer 816
Bullard, Earl J., Personal of 79
Bullard Machine Tool Co.:
Comparing Equipment and Methods for Quantity Production 535
Vertical Turret Lathe Improvements 994
Burden in the Machine Shop, Overhead and. James Allen Thomas 607
Burgess, J. I., Personal of 846
Burlingame, Luther D.:
High-speed Cutting of Brass 17
Proportioning Standard T-slots and Bolts 702
Burner and Preheater, Milburn Oil 421
Burnishing Machine, Defiance 677
Burr from Cap-screws, Removing 320
Burring Tool. Arthur R. Myers 737
Burt, C. R., Personal of 346
Bus Transportation, Increase in 484
Busch, Edward, Personal of 79
Bush, Arthur R., Obituary of 602-C
Bushing with an Air Gage, Testing Fit of. F. Edgar 977
Bushings, Concentricity Gage for. Lawson Shaw 376
Bushings for Drilling Accurately Spaced Holes, Special. Charles Kugler 140
Bushings, Grinding Wheel 494
Bushings in Crankcases, Assembling 982
Bushings, Press for Piston-valve. J. H. Dowell 773
Bushings, Turning and Boring. George A. Luers 978
Business Conditions in Germany 937
'Business Cycle'. The 700
